THE LEADERS IN CUSTOM HEAT SOLUTIONS

- Baseboard Heaters
- Wall Heaters
- Made-to-Order Heaters
- Ceiling Heaters
- Unit Heaters
- Washdown/Explosion Proof Heaters
- Convector Heaters
- Radiant Heaters
- Portable Heaters
- Thermostats & Controls
- Heat Recovery Ceiling Fans
- Air Curtains
... And More

## Electric Heat Solutions for Any Application

### Commercial Solutions

#### Wall Heat
- **Artisan™**
  - Sleek modern design
  - Digital touch screen LCD thermostat
  - BMS compatible
  - Energy efficiency with proportional heating
  - 120V, 208V, 240V, 277V
  - 5400W to 48000W

#### Convectors/Radiant
- **Infrared**
  - IR technology heats the object and not the air = energy savings
  - Clean, energy-efficient alternative to propane/gas = no fumes
  - Perfect for indoor/outdoor applications with multiple finishes and mounting options
  - 120V-6000 units available from 15kW to 13.5kW

#### Panel Heat
- **Easy to install and flexible application**
  - Gentle heat with no noise or maintenance needed
  - Available in 120V, 208V, 240V, 277V, 347V
  - Invisible heat—silk screening to match any panel

#### Unit/Duct Heaters
- **HUHAA**
  - 3kW – 50kW / 208V, 240V, 277V, 480V
  - Horizontal and downflow capability
  - Long directed heat throw
  - Smooth quiet operation

#### Portable
- **BDH (Dragon Heater)**
  - Portable electric high capacity blower heater for applications where open flame is not allowed
  - Perfect for outdoor work areas or construction sites
  - 208V, 240V, and 480V in 10kW to 30kW sizes

#### Ceiling
- **QCH**
  - Built-in power on/off switch
  - Thermal cutoff to shut off heater in case of overheating
  - Fan delay energizes fan motor only after elements are heated, which prevents discharge of unheated air

### Duct Heaters
- **BPH Plenum Heater**
  - Concealed space zero clearance plenum rated
  - High limit thermal cutoff—automatic reset
  - Built-in disconnect switch
  - 208V, 240V, 277V, 480V / 3-15kW

### Harsh Environment
- **BWD Washdown**
  - Corrosion resistant 304 stainless steel
  - Totally enclosed motor
  - Nema 4x junction box protects controls against water
  - Automatic reset limit
  - 120V, 208V, 240V, 277V, 480V, 600V
  - 2.33kW
