Portable Electric Hydronic Heaters

- SAVE ENERGY WITH ZONAL HEATING
  - EFFICIENT AND ECONOMICAL ROOM-BY-ROOM HEATING

- QUIET, GENTLE, SAFE HEAT
  - SAFETY GRILL AND LOW UNIT SURFACE TEMPERATURES FOR SAFE HANDLING

- FLOOR-TO-CEILING COMFORT
  - GENTLE HEATING CYCLE FILLS ENTIRE ROOM
    WITH SOFT EVEN WARMTH
  - HYDRONIC ELEMENTS CONTINUE TO HEAT BETWEEN ON/OFF CYCLES

- BRAND YOU KNOW AND TRUST
  - 10-YEAR LIMITED WARRANTY ON ELEMENT
  - OVER FOUR DECADES OF ELECTRIC HYDRONIC EXPERIENCE

APPLICATIONS INCLUDE:
- LIVING ROOM
- ADDITIONS
- BEDROOMS
- PLAY ROOMS
- AND MUCH MORE
### VALUE ADDED FEATURES

**BUILT-IN THERMOSTAT**
- Set dial to the level of comfort you prefer

**ON/OFF SWITCH**
- Lighted power switch illuminates when heater is energized

### FEATURES
- Specially designed grille for added safety
- Durable textured Navajo White finish and low-profile design blends with any room decor
- Liquid filled element heats evenly to reduce room temperature variations
- Hydronic element continues to heat after the element has turned off
- Built-in adjustable thermostat lets you maintain desired comfort level. Dial up or down to the level of comfort you prefer
- High-temperature shut-off for added safety in the event of accidental air blockage
- 10 year limited element warranty

### THE HYDRONIC STORY:
The electric heating element is partially submerged in an inert heat transfer fluid totally sealed in a large 7/8" diameter copper tube spanning the length of the heater. This thermal mass transfers heat evenly across the entire length of the heater. The FHP series provides uniform warmth with longer heat retention and minimal temperature variation.
