

BSDH SERIES

HIGH-TEMP ELECTRIC BLOWER

IDEAL SPACES

- Construction Sites
- Textile Mills
- Truck Docks
- Paper Mills
- Mining
- Printing Plants
- Oil/Gas Extraction
- Chemical Plants
- Food Processing
- Marinas

COLORS

- Red

DIMENSIONS

- 38.5"H x 25.4"W x 44"L

- Can be operated unattended without risk of fire or need for refueling
- Flexible duct attachment capable to distribute heat or circulate air
- High BTU per hour heater without the exhaust fumes or moisture associated with gas heat
- Fan-only mode for air recirculation, fume exhaust or fresh air supply
- Dual thermostat operation. 120V control supply and transformer with pilot light
- Over temperature limit protects unit from low air flow conditions
- Powder-coated, corrosion-resistant 20-gauge steel housing. 10 in. pneumatic wheels and 4 in. locking caster. Inlet and outlet flexible duct accessories available for ducting up to 165 ft.
- Adjustable damper accessory controls outlet temperature; 1 HP motor with adjustable pulleys allowing for adjustable fan speeds
- Temperature high limit cutout for freeze protection, removing fumes, speed drying or curing, insect control and more
