120V power cord: ready for in-home use

Convection heat minimizes air flow, reducing flow of bacteria and dust

Maintains individual room temperature to provide heat only in the places you want

Large element reservoir maximizes volume of heat storage fluid for prolonged comfort

Gentle heat continues to radiate even after the thermostat turns off due to the hydronic elements retention qualities

High-impact Lexan® and steel unitized body resists dents, scratches and rust

Linear high-temperature safety cutout will automatically shut off unit in event of air blockage

Tip-over switch prevents heater from operating if knocked over

Heavy-duty welded steel louvered grilles discourage insertion of foreign objects

Automatic thermostat maintains desired comfort level; 120V-ready for in-home use

Tuck-Away carrying handle out of sight when not in use
# FHP SERIES
PORTABLE ELECTRIC HYDRONIC HEATER
