DIMENSIONS

- 4-3/16"H x 3"D (Length varies)

- Ideal for primary or supplemental comfort heat
- Perfect where wall space is limited and gentle heat is desired
- Provides clean, gentle, comfortable heat while allowing full usage of wall and floor spaces
- No noise. No moving parts. No maintenance. No ceilings, walls or drapes to clean. No dried out air
- Extruded aluminum front panel provides a high efficiency, textured, radiating surface
- Coated with high temperature textured paint, unit radiates a majority of its heat energy from front surface
- New profile and unique hanging system provide optimal heat dissipation for uniform comfort
- Easily wall-mounted; with all parts included
- Dual Function Heating (Radiant and Convection): remaining energy is "wiped off" by convection flow behind and over the top of unit, circulating warm air into the room – achieving balanced heating throughout
