Colors also Available

- › CPL (Decorative) ideal for primary, secondary or supplemental heat where wall mounting is not viable
- › Perfect for under-the-window heat loss and condensation prevention
- › Durable front cover constructed of 16-gauge steel (optional 14-gauge available)
- › Pedestal-mounted design; bottom inlet - top outlet
- › Units may contain 1-3 heating elements that yield a broad range of heating capacity (see specifications)
- › Optional ¼ in. mesh located under the discharge grille to deter insertion of objects and restriction of airflow
- › Blend into any décor with 8 standard color options or custom finishes available upon request
- › Units can be mounted from wall-to-wall or as discrete units in standard lengths of 28 in. to 10 ft.
- › Optional built-in controls include: line voltage thermostat (SPST or DPST); power on/off switch; power relay; or transformer relay (see specifications)
- › Right- or left-hand entry/wiring flexibility with identical pre-wired junction boxes at either end
- › End-to-End wire-way provided for ease of wiring; and rated per the NEC conduit size and rating codes. Please consult factory for proper sizing and specifications
- › Easy connection of supply wiring from bottom, rear or end, as well as multiple wiring of adjacent heaters from one entry point
- › For service, all internal parts are accessible by removing cover
